Carbon Reduction Plan (CRP) – PPN 06/21 Compliance

Fleischhacker UK LLP

Publication Date: 01 February 2025

1. Commitment to Achieving Net Zero

Fleischhacker UK LLP is committed to supporting the UK Government's goal of achieving **Net Zero emissions by 2050** and aligning with the **NHS Net Zero Supplier Roadmap**. As a **micro-enterprise with only three employees** in sales and no production process that causes CO₂ emissions, our carbon footprint is minimal. However, we are aware of our responsibility to operate sustainably and minimize our environmental impact.

2. Baseline Emissions Footprint

Due to our small size and operational model, our emissions primarily fall under **Scope 2** (energy use in our office space) and limited **Scope 3** (business travel and procurement).

Emissions Category	Baseline Year (tCO ₂ e)	Most Recent Year (tCO ₂ e)
Scope 1 (Direct Emissions)	0 (No company-owned vehicles or fuel usage)	0 t
Scope 2 (Indirect Energy Emissions)	[Estimate from electricity usage]	0,5 t
Scope 3 (Business Travel, Procurement, Waste, etc.)	[Minimal due to remote work]	2,7 t
Total Emissions		3,2 t

3. Carbon Reduction Targets

Although our emissions are already low, we aim to further reduce our carbon footprint by:

- **Minimizing business travel emissions** by prioritizing virtual meetings.
- **Reducing energy consumption** through efficient device use and power management.

We will review and update our reduction strategy annually.

4. Carbon Reduction Initiatives

As a micro-enterprise, we do not have large-scale emissions, but we are implementing the following measures:

Energy Efficiency & Operations

- Using **energy-efficient lighting and appliances** in our home offices.
- Encouraging **remote working** to reduce energy use.
- Ensuring **responsible electronic waste disposal and recycling**.

Business Travel & Transport

- **Reducing travel** by utilizing video conferencing.
- Using **public transport or low-carbon alternatives** when travel is necessary.

Sustainable Procurement

- Purchasing **eco-friendly office supplies**.
- Selecting vendors and suppliers with **sustainability commitments**.

5. Reporting & Compliance

- Our **carbon footprint will be reviewed annually** to track reductions and improvements.
- We will comply with **PPN 06/21 and NHS sustainability guidelines**.
- Our Carbon Reduction Plan will be updated to reflect any **business growth or increased environmental impact**.

6. Declaration and Sign-Off
