STAVANGER V4000

Easy to clean
tarpaulin material

The perfect multi- functional bag

The STAVANGER V4000 is a real all-rounder, because it can be equipped in any combination, true to our proven modular principle. It can be assembled with magnetically held container modules or with our patented system plates. Using retaining clips and different sizes of SingleFlex and LoopFlex tapes you may fasten a wide variety of materials: No matter if glass and lancing ampoules, wound care, diagnostic devices, instruments or something completely different. Even 8 container modules LF light can be placed. It could hardly be more flexible.

Case handle
made of rubber

Insert tray with transparent
foil for individual inscription
